# ABOUT THE PLAY

Twelve people. One life in the balance. Famously brought to life on television, theatre, and film, this still relevant story features a jury of vastly diverse opinions trying to discover truth and justice. It struggles with deeply complex issues and forces both the characters and the audience to confront their prejudices and history. Is it truly possible to be objective? Can one voice sway many? What makes a person worthy of saving...Or dying? Come sit in the room with...Twelve Angry Jurors.
